

VALVES OF GOLD

Check these 5 Steps to Quality

Fill the cup with

**1/3 Ice
for the Best
Quality!**

Fill it right!

**Drink Quality
counts!**

ONE-STOP BEVERAGE
SYSTEM SUPPORT

1 Rotation

- For Optimum freshness, always use syrup by Enjoy-By-Date, listed on Bag-in-Box (BIB) container. (Rotate stock, use oldest first.)
- Are the BIB's properly connected? Do they contain syrup?
- Syrup pressure gauge set at 65 psi (fast flow and LEV valve)?

2 Refrigeration

- Drink must be cold 0 – 4°C (32-40°F)
- If dispenser is mechanically refrigerated, is the condenser (grill opening) clean and free from obstruction?
- Nothing should be stored in ice bin.
- Ice in full contact with the cold plate and bin at least 1/3 full?
- Ice chunks broken into small cubes?
- Ice bin clean and draining properly?

3 Carbonation

- Is the Co2 tank turned on fully and does the tank contain Co2
- Is the carbonator plugged in/turned on?
- Are the pressure regulators properly set? (Stand alone carbonators – 105 psi, Remote refrigeration carbonators – 95 psi, Cold carbonators in counter electric units – 75 psi)

4 Presentation

- Nozzles, diffusers, lower valve body, levers, drip tray, drain, ice chute and inside of ice bin are all cleaned nightly with approved sanitizer solution.
- Do not use soap, bleach/unapproved chemicals.
- Do not leave nozzles soaking overnight.
- Complete the daily dispenser sanitizing log.

5 Sensation

- Taste each brand without ice every morning, before serving customers.
- Free from off taste and odor?
- Water to syrup ratio tastes OK?
- Is the water supply turned on?
- Are the water lines flowing and unblocked?
- Is the current date earlier than the water filter expiration date?

FIX IT FAST WITH PHONE FIX

Coca-Cola certified, professional, experienced technicians can often help you fix your beverage equipment over the phone so you can quickly begin serving quality beverages again. It is fast, easy and will save you the cost of a service call.

WHAT IF I JUST NEED A SMALL PART?

Refer to the chart below to determine which Coca-Cola Small Part you may need. Call 1-800-318-COKE (2653) and speak with a Customer Service Representative to order the part you need. Your order will be processed immediately over the phone and will be shipped directly to your location. This is another fast and easy program offered by Coca-Cola Refreshments Canada. (Note: Shipping and Handling charges may apply for parts ordered.)
